A thousand possibilities in every pattern

Call me biased, but I think we've got some really exciting designs in this issue. And every one of them, I see so many options for creative interpretation.

Take our cross-stitched Tunisian crochet tote (below left, and page 36), for instance. From the moment this gem from Shiri Mor arrived in our offices, I was smitten. I love all kinds of needlepoint, so for me, the idea of being able to cross-stitch on a crocheted canvas is totally exciting. And I think Shiri put such a cute, hip twist on these two age-old techniques; the result is that perfect mix of old style and new.

Since I first laid eyes on this bag, the bulletin board next to my desk has quickly been filled with inspiration for variations on its design. Even though I love the rose, I've found many motifs I'd like to cross-stitch onto this tote, from pet portraits to monograms and many possibilities! (Alas, so little time.)

My other infatuation from this issue? Our cover project, that gorgeous lacy tunic (above left and page 44). No question about it, Mari Lynn Patrick has done it again with this one: a to-die-for piece that is simply stunning. My first thought was that I'd like to stitch this top just like the original, only in black instead of white. But then it occurred to me that I could extend the length to just above the knees, with long slits up the sides and maybe leave off the sleeves. I think that version would look fantastic this summer over pants or a simple slip dress. (Check out page 46; our tip tells you just how to extend the length.) I'm not joking when I say a ball of yarn and hook are sitting next to my computer, just waiting till I have a few free moments to start swatching this piece!

Don't get me wrong—I love both of these patterns in their original state, but I just can't resist adding a personal twist. I guess it goes back to my childhood, when my friends and I would embark on a new project. We'd pick a pattern, and then spend hours in the store choosing our own yarn, fabric or other materials. We'd inevitably create our own twist, and take on whatever we made, and that love of the "make it yours" creative-planning has always stuck with me.

As you browse this issue, I hope you'll be inspired to add your own touch to our patterns, even if it's as simple as changing the color. I'd love to see what you create. Send me a picture of the *Crochet Today* projects you make, whether you alter them or make them just as we do. Shoot me an e-mail at feedback@crochettoday.com and let me know what you've been stitching!

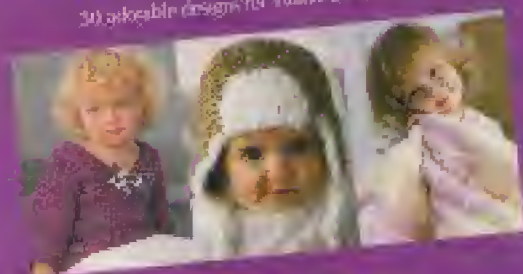

Okay, okay, if you've read my letter before, you may have noticed I have a very long list of projects I want to crochet. But this time I really mean it. I am dying to make this tunic and cross-stitched tote!

update!

In our October/November '06 issue, we featured a call to action to stitch baby hats for Warm Up America's Caps to the Capital initiative. The program, which sent the hats to preemies in developing nations, ended on January 2 with great success: over 281,000 caps were donated! Way to go, crocheters!

learn to crochet

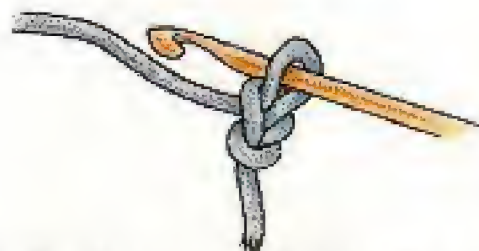

Making a foundation chain

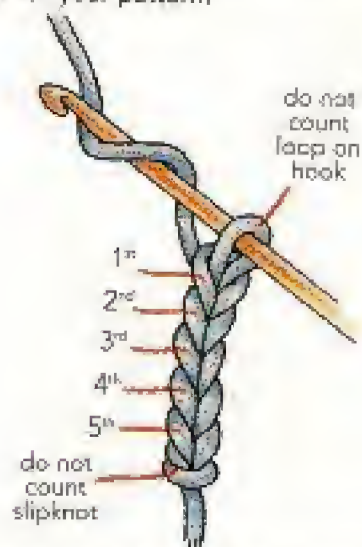

1. Start by making a slipknot and positioning it near the end of the hook. Wrap the working yarn (the yarn attached to the ball or skein) around the hook as shown. Wrapping the yarn in this way is called a yarn over (yo).

2. Draw the yarn through the loop on the hook by catching it with the hook and pulling towards you.

3. One chain stitch is complete. Lightly tug on the yarn to tighten the loop if it is very loose, or wiggle the hook to loosen the loop if it is tight. Repeat from step 1 to make as many chains as required for your pattern.

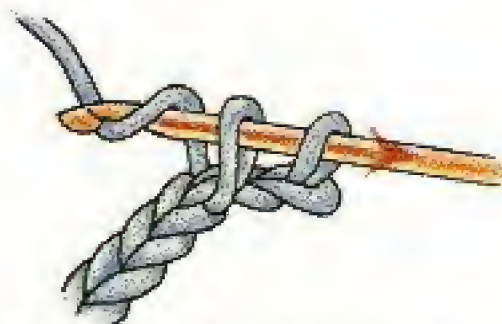

4. To count the number of chain stitches made, hold the chain so that the "V"s are all lined up. Do not count the loop on the hook or the slipknot you made when beginning the chain. Each V counts as one chain made.

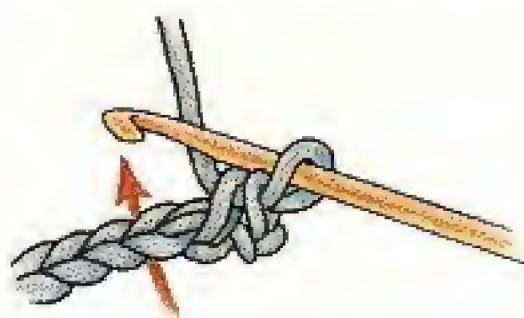

Single Crochet (sc)

1. Insert the hook under both the front and back loops (i.e., under the complete "V") of the **2nd** chain from the hook. Wrap the yarn over the hook from back to front (this is called a yarn over) and catch it with the hook. Draw the yarn through the V.

2. You now have two loops on the hook. Yarn over and draw the yarn through both loops on the hook.

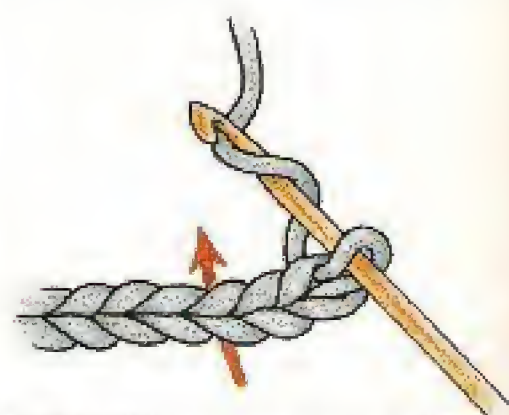

3. One single crochet stitch is complete. Continue to repeat steps 1 and 2, inserting the hook into each V across the row.

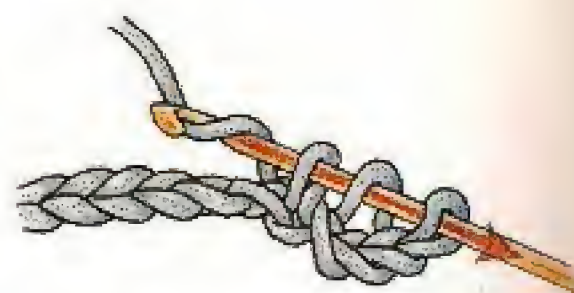

4. When you reach the end of the row, make one chain stitch (this is called a turning chain), then turn the piece from right to left. To begin the next row, insert the hook under the V of the first stitch (skipping the one chain stitch you just made) and repeat the steps.

Half Double Crochet (hdc)

1. For this stitch, yarn over the hook, **then** insert it under the V of the **3rd** chain stitch from the hook. Yarn over again and draw the yarn through the V.

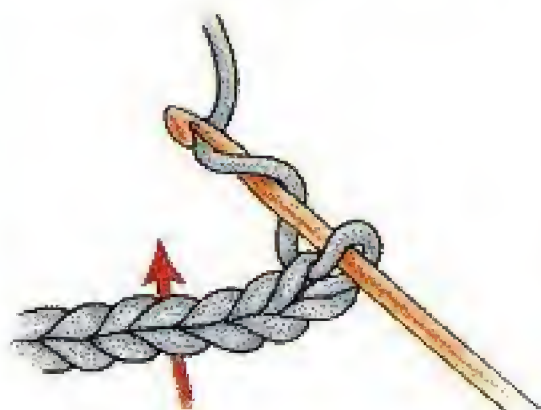

2. You now have three loops on the hook. Yarn over and draw the hook through all three loops on the hook at once.

3. One half double crochet stitch is complete. Repeat steps 1 and 2 until you reach the end of the row. To proceed to the next row, make two chain stitches and turn.

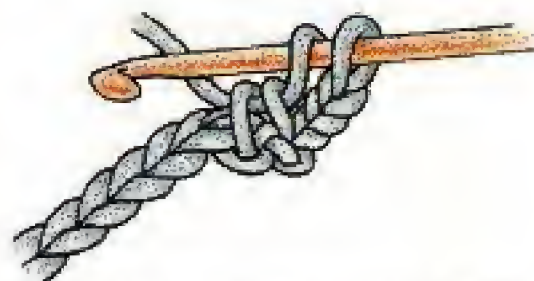

Double Crochet (dc)

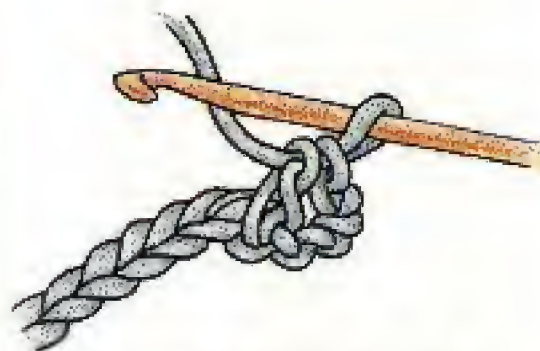

1. Yarn over the hook, then insert the hook under the V of the **4th** chain stitch from the hook. Yarn over again and catch the yarn, drawing it through the V.

2. You now have three loops on the hook. Yarn over and draw the yarn through the first two loops.

3. You now have two loops remaining on the hook. Yarn over and draw the hook through the two loops.

4. One double crochet stitch is complete. Continue to repeat steps 1 through 3 until you reach the end of the row. To begin the next row, make three chain stitches and turn.

Treble Crochet (tr)

1. Yarn over the hook **two times**, then insert it under the V of the **5th** chain stitch from the hook. Yarn over again and catch the yarn with the hook, drawing it through the V.

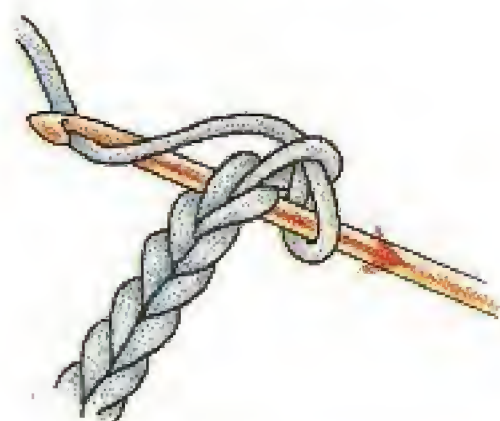

2. You now have 4 loops on the hook. Yarn over and draw through the first two loops (3 loops remain on hook). Yarn over again and draw through the next two loops (2 loops remain). Yarn over again and draw through both loops.

3. One treble crochet is complete. Continue to repeat steps 1 and 2 until you reach the end of the row. To begin the next row, make four chain stitches and turn.

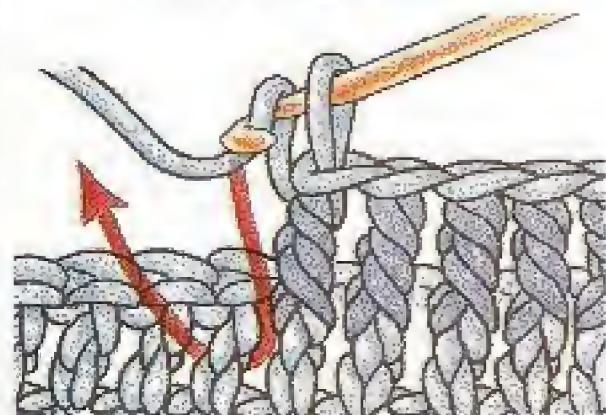

Slip Stitch (sl st)

1. Insert the hook under the 2nd V from the hook. Yarn over and draw through the V and through the loop on the hook in one movement. One slip stitch is complete.

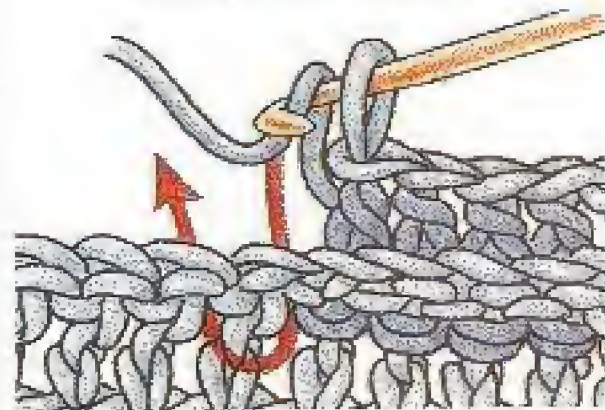

Note that the slip stitch does not create much height when worked; it is used mainly to anchor stitches, shape pieces, join circles and for other utilitarian jobs.

Front Post Stitch

Working with hook in **front** of work, insert hook from right to left around the post (or vertical segment) of the stitch indicated. Yarn over and complete stitch as usual.

Back Post Stitch

Working with hook in **back** of work, insert hook from right to left around the post (or vertical segment) of the stitch indicated. Yarn over and complete stitch as usual.

how to read crochet patterns

Crochet patterns can seem like a foreign language, but they're easy to understand once you become familiar with how they're written. Here are some basic guidelines to get you started.

SKILL LEVEL

The skill level indicates what level of experience you'll need to accomplish the project. Don't be afraid to try some challenges – what have you got to lose?

YARN

This section tells you the quantity and type of yarn used to make the project shown, plus specific information about its weight, fiber content and more. If you want to substitute a different yarn, use this info to find a close match.

When more than one yarn or color is used in a pattern, abbreviations such as MC (Main Color), or A, B, C, etc. designate which yarn or color to use when.

CROCHET HOOK AND NOTIONS

Here's where you'll find the recommended hook size to use and whether you'll need any notions or other materials to complete the project.

THE YARN

This section shows you an actual-size piece of the yarn used and gives the standard yarn weight.

MAIN BODY OF PATTERN

Read through the entire pattern before beginning, to get an overall understanding of how the project is constructed. All those rows of numbers and abbreviations can make anyone's eyes swim, so take a deep breath and follow the pattern one step at a time. Read the instructions aloud if it helps, or highlight every other row to make reading easier. Another trick we like: post a sticky note below the line you're working, and move it each time you progress to the next line of the pattern.

SIZING

Dimensions of the finished size(s) of the project are given in the smallest size, with larger sizes given in parentheses, as in S (M, L, XL). Instructions are given similarly in the pattern, as in Chain 20 (22, 24, 26). Circle your size throughout the pattern before you start stitching, and be aware: sizes given refer to the finished piece, not to body measurements.

ABBREVIATIONS

This box lists all of the abbreviations used in that particular pattern.

This section tells you what gauge (or number of stitches per inch) is required for the pattern. If your gauge swatch is too small, increase your hook size and try again; if your swatch is too large, decrease your hook size and try again.

HOW TO MAKE A GAUGE SWATCH
In *Crochet Today*, we tell you exactly how to make a gauge swatch for each project. This info goes hand-in-hand with the more general gauge requirements in the preceding section.

Make sure to always look for the Notes section, which outlines special stitch patterns or instructions. Be sure to read this section carefully, as this is where you'll find insider tips on how the pattern should be followed.

PROJECT SECTIONS

If the project is made up of more than one distinct piece, the instructions for each piece are given separately.

FINISHING

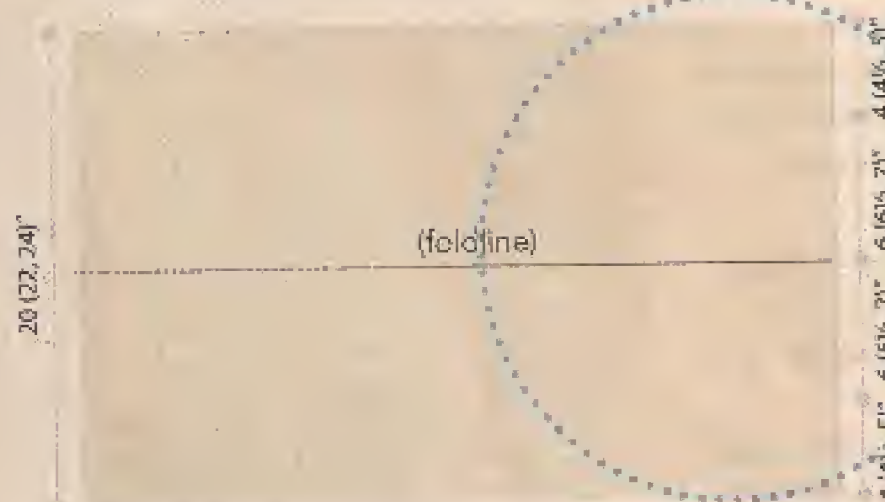

Finishing instructions are provided at the end of the pattern. Take extra time and care with your finishing techniques, as this step greatly affects the final appearance of your project.

DIAGRAMS

In *Crochet Today*, symbol diagrams are given for most projects. Read the Diagrams section (on page 102) for more detailed information about how to use these.

SCHEMATICS

Schematic drawings show you the basic shape and dimensions of each piece of the project. Compare the dimensions of your finished piece to the dimensions shown on the schematic to make sure you're on track.

about crochet diagrams

Crochet Today uses a standard set of symbols to provide a diagram of crochet patterns, enabling you to see exactly how and where the stitches combine to form a finished piece. Just as verbal instructions tell you how to make an item step by step, crochet diagrams provide a complementary representation of its construction, stitch by stitch. As an added bonus, symbols transcend language, enabling you to follow foreign-language patterns without translation.

Following Diagrams

- A diagram depicts an entire motif, pattern, or pattern repeat, from the right side. Each symbol represents one stitch. Use the table at right to become familiar with which stitches the symbols represent.
- Remember that stitch diagrams go hand-in-hand with written patterns; you should follow along with both as you crochet.
- In *Crochet Today*, the diagrams are styled so that the colors alternate on every row. This is to help differentiate between rows, making it easier to follow as you work. Right side (RS) rows are black, wrong side (WS) rows are blue, and rows previously worked (as for motifs, like flowers, which are made with more than one layer) are gray.

When working in rows follow the diagram from the bottom right, reading from right to left. Each stitch is aligned on top of the chain or stitch into which it is worked; if a chain or stitch is skipped, no stitch appears above it. When you reach the end of the first row, turn your work, and read the next row of the diagram from left to right, working stitches into the indicated stitch from the previous row. Continue in this fashion, reading RS rows from right to left and WS rows from left to right, paying attention to the number of turning chains indicated.

When working in the round begin following the diagram in the center, working out in a counter-clockwise direction. Unless indicated, all rounds are read counterclockwise. If directed to turn your work after each round, read RS rounds counter-clockwise and WS rounds clockwise.

skill levels explained

Perfect for new crocheters, these items use basic stitches and minimal shaping.

These projects use basic stitches, repetitive stitch patterns, simple color changes, and simple shaping and finishing. It's easy!

These projects use a variety of techniques, such as basic lace patterns or mid-level shaping. Great for learning new skills.

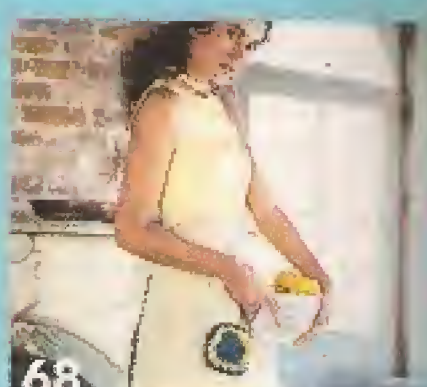

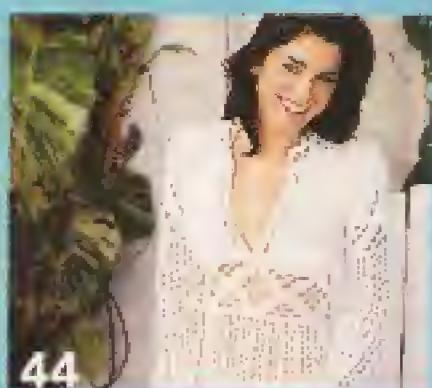

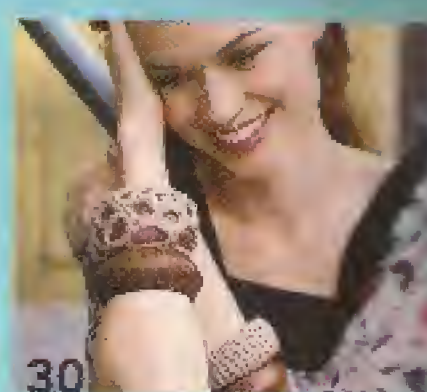

For more experienced stitchers, these projects feature intricate stitch patterns, more advanced techniques, or detailed shaping. Do you like a challenge?

crochet with heart

give someone in need a crocheted token of hope

Anyone who's spent a little downtime with yarn and hook can testify that crochet has a real feel-good factor. Stitching is both soothing and satisfying, more so if you know the piece taking shape is going to brighten someone else's day. That's why we love the sweet, simple idea behind **Angels for Hope**. Using a nationwide network of craft-minded volunteers, the nonprofit sends colorful crocheted butterflies, angels or smiley faces to folks in need of a pick-me-up. Recipients range from the chronically ill to anyone who needs a little love; two special missions, The Fallen Soldier Program and the 100th

Birthday Butterfly Projects, are also in place. The former sends angels to comfort the families of soldiers killed in the Iraq war, and the latter showers those celebrating a century of life with butterflies.

Angels for Hope wants to touch 65,000 lives this year, and you can help them reach that goal. Fill out the online form at angelsforhope.org and the organization will provide you with patterns for the projects and instructions for mailing them. Donations of yarn, hooks, crochet thread and ribbon are also welcome (click the "donate" button on the Web site for details).

spring has sprung...

...and gorgeous new yarns are here!

- **Moda Dea Baby Talk** is everything you need in a baby yarn. Super soft and lightweight, it comes in eight fashion-forward colors and is machine washable and dryable. Perfect for teeny clothes, toys and blankets.
- Multicolored **Red Heart Hula** is ideal for punchy, breezy spring wear. This lightweight yarn comes in eight great hues with a marl color effect to add extra pizzazz to your projects. Feels like cotton, but won't shrink or become misshapen in the wash!
- **TLC Sparkle Soft**, a cushy medium-weight yarn, has extra sparkle thanks to a twinkling wrap. A pastel color palette makes it ideal for lovely baby projects, comfy afghans and more. We love that this sturdy yarn is machine washable for easy wear and care!

timeless tunisian

A fashion-challenged afghan from the Eighties gets a less-is-more makeover.

Let's face it: the 1980s aren't exactly renowned for good style. The decade that saw hair rise to new heights, shoulder pads of grand proportions and a plethora of poufy pillows produced no shortage of cringe-worthy memories.

When we came across this afghan pattern from '88, we thought it had good bones, but the girly pastel color scheme was just crying out for help. A simple color change, and the pattern's beautiful texture—Tunisian crochet accented with picots and long stitches—really gets a chance to shine. We think this version is sure to stand the test of time!

a beautiful mind

Take one structural engineer with a penchant for problem-solving, add a 70-lb dog, and what do you get? A designing woman who's helping to change the face of crochet, one pattern at a time.

By Joëne M. Bouchon

What's Robyn been working on?

Don't miss Chachula on the PBS series "Knit and Crochet Today" airing in fall 2007.

TOP: Chachula (left) working the crochet with host Kassie DePaiva. **ABOVE:** Chachula's design from *Not Your Mama's Crochet* by Amy Swenson (Wiley, 2006). **LEFT:** Another Chachula project, published in *Crochet Today*, Dec '06/Jan '07 issue.

You'd never guess, but self-taught crochet designer Robyn Chachula hasn't been working the hooks for long. With fresh designs everywhere, from the most popular crochet Web sites to the hottest books—and in the pages of this magazine—it's hard to believe she picked up crocheting only a few years ago. "Some people have a biological clock," she laughs. "I have a craft clock."

After college, Chachula wanted to keep up her family's tradition of crafting. Childhood memories of her mother crocheting spurred her to ask for a demonstration in the basics, and she was instantly hooked. "I loved the ease of crochet. It's fast, and there are an infinite number of stitch possibilities." Chachula found this creative freedom inspiring and began experimenting with stitches of her own.

"I like to say that it was my dog that got me into crochet designing," Chachula remarks. Two years ago she submitted her first design, a dog-leash pattern inspired by her German shepherd, Faye. "If that design had never been accepted," she says, "I probably wouldn't have gotten into this. It gave me the courage to keep submitting." Thus, *Crochet by Faye* was born.

Chachula worked up to designing clothes. "Old crochet patterns are so boxy. I'm a curvaceous person," she laughs. "So no box looks good on

me." To come up with more flattering styles, she first cuts fabric to fit her, then crochets to the dimensions of those pieces. "It's a total math game," she says. Chachula designs her stitch patterns using Autocad, a computer program she works with in her job as a structural engineer. And while engineering and crocheting may seem strange bedfellows, Chachula says they're quite similar. "Engineering is all about taking a big problem and breaking it down into manageable pieces." As such, she doesn't see any design challenge as too complicated, simply one that has yet to be dissected.

With everything she's got going on, this busy gal still finds time to give back to the community. Chachula co-founded the charity Nice Knits, which she runs with a knitter friend and fellow engineer. The pair sell knit and crochet patterns and donate the proceeds to various causes; they also maintain a database of crochet and knit charities that others can contribute to. (For more information or to submit designs, see NiceKnits.com).

To keep an eye on this up-and-coming designer, check out CrochetByFaye.com. In 2007, look for Chachula's designs in several books and magazines, as well as appearances on the upcoming PBS series *Knit and Crochet Today*. We can't wait to see what's next for this inspiring new talent! ■

learn all about... Tunisian Crochet

What's better than discovering a new way to get creative with yarn and hook? If you haven't yet explored the world of Tunisian crochet, give it a try! This interesting technique is easy, fun and full of variety—its dense, sturdy fabric lends itself well to afghans, accessories, garments and more. In addition, its gridlike stitch structure creates an ideal base for cross-stitch, opening up a world of crafty possibilities. So grab yourself a Tunisian crochet hook, learn a few simple steps, and get ready for a whole new way to crochet!

By Janet Rehfeldt

Try your hand at this unique technique and take your creations to a whole new level!

Tooling Around

For this technique you'll need a special kind of hook that looks like a curious combination of a knitting needle and crochet hook. This tool is longer than a typical crochet hook, allowing it to hold many stitches at once, while a stopper at one end keeps stitches from falling off.

Doing the Two-Step

Each row of Tunisian crochet is actually comprised of two steps: a forward pass and a return pass. On the forward pass, the work proceeds from right to left, pulling loops up onto the hook one by one. On the return pass, the work goes back from left to right, as each loop is crocheted and moved off the hook. In most Tunisian stitches the work is not turned at the end of the row; the right side always stays facing forward.

DID YOU KNOW?

Tunisian crochet is also known as Afghan or Tricot crochet.

The Shape of Things

Understanding the anatomy of Tunisian stitches helps a great deal when following instructions. Different stitch effects are achieved by how you insert your hook into the components of the stitches.

Vertical bars are the up-and-down bars that form on each row. They are created by the loops pulled up onto your hook in the forward pass of each row. If you look closely at the structure of the stitch, you will see a vertical bar on the front of the work and a vertical bar at the back of the work.

Horizontal stitches lie between the vertical bars. These are formed by the yarn over in the return row, and form a V or chain between the vertical bars. There is a top and bottom horizontal stitch.

Tunisian hooks come in a variety of sizes, including flexible versions that are ideal for larger projects.

Getting Started

The first step in Tunisian crochet is creating a basic foundation row. Similar to regular crochet, it starts with a foundation chain. Follow along with this how-to lesson using 15 chains, a size J/10-6mm hook and worsted-weight yarn.

Row 1 (forward pass): Chain 15. Working into the bottom loop (or bump) of the chain, insert the hook into the second chain from the hook (Fig. a), yarn over and pull up a loop. There are now two loops on the hook.

Note: Working into the bottom bump of the chain as shown will give you the most stable foundation.

Insert the hook into bottom loop of the next chain, yarn over, and pull up a loop. Leaving all of the loops on the hook, repeat from this step across the length of the chain (Fig. b).

Row 1 (return pass): Yarn over and draw the yarn through the first loop on the hook (Fig. c).

Yarn over and draw the yarn through two loops on the hook. Repeat this step across the row (Fig. d), until only one loop remains on the hook.

The Simple Stitch

The Tunisian Simple Stitch (Tss) is the basic and most commonly used Tunisian crochet stitch (it's often referred to as the Afghan stitch). Once you have completed the foundation row, work into the vertical bars to crochet the Tunisian Simple Stitch.

Row 1 (forward pass): Ch 1 (this counts as the first loop on the hook), and skip the first vertical bar. *Insert the hook under the next vertical bar at the front of the work (Fig. e), yarn over, and pull up a loop (Fig. f).*

Repeat from * to * across to the last vertical bar, leaving all of the loops on the hook as you work.

The last stitch of the row is worked slightly differently. Insert the hook under the last vertical bar and through the loop located slightly behind it at the edge of the work (Fig. g), yarn over, and pull up a loop. (Working the last stitch in this manner creates a stable edge that will not wave or ruffle.)

Row 1 (return pass): This row is worked the same as Row 2 of the Basic Foundation Row. Yarn over, draw the yarn through one loop on the hook (Fig. h), *yarn over, draw the yarn through 2 loops on the hook.* Repeat from * to * across the row until only one loop remains on the hook.

Continue to work these two rows for the Tunisian Simple Stitch (Tss).

REMEMBER! When working the return row, draw the yarn through **one** loop on the hook when working the first stitch, but on all the remaining stitches, draw through **two** loops.

Tip: To keep tension even and help prevent the fabric from curling, be sure to pull the hook above the previous row as you work each stitch. Do not allow the hook to rest down onto or in front of the previous row. This will not only make your work stiff and tight, but also put undo stress on your wrists and hands.

Binding Off

Once you have finished working the required number of rows instructed in your pattern, it is usually necessary to work a bind-off row to finish the fabric. This can be done in two ways: a single crochet bind off, or a slip stitch bind off. Both methods work equally well and are easy to do.

Single Crochet Bind Off

Chain 1, skip the first vertical bar, *insert the hook under the next vertical bar, yarn over, draw up a loop, yarn over, draw through both loops on the hook (Fig. i)*. Repeat from * to * across. Fasten off.

Slip Stitch Bind Off

Chain 1, skip the first vertical bar, *insert hook under the next vertical bar, yarn over, draw the yarn loosely through both the vertical bar and the loop on hook (Fig. j)*. Repeat from * to * across. Fasten off.

Finishing School

Tunisian crochet tends to curl, but edging and blocking your finished piece will help to remedy this. Consider adding an edging, such as evenly spaced single crochet stitches or shells, around the border of a finished piece. To block your project, dampen it with water and pin the piece flat, or lightly steam. Do not over-steam or the fabric can wilt and may not be recoverable. However you decide to block your project, be sure to read the yarn label for the proper care of your finished piece. ■

Q When a pattern indicates the left or right side of a garment, does that refer to when you're wearing it, or when you're looking at it?

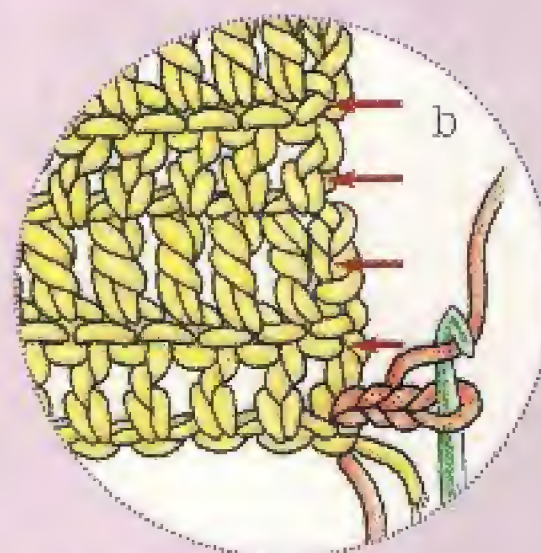

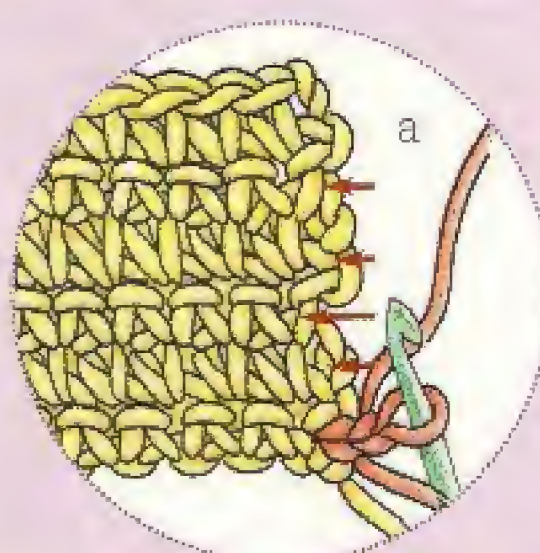

A When reading instructions or looking at schematics, remember that pattern pieces are described as they are worn. Therefore, if you are working on the Right Front it refers to the piece you are creating for the right side of your body, and so on.

Q What is the best way to work into the ends of rows?

A Occasionally a pattern will require you to work into the side edges of a piece of crocheted fabric; this is most common when adding a border around the edges of a project. This can seem a bit tricky, since it can be confusing to figure out where to place your hook and how to space the placement of the stitches.

When working stitches along a side edge, the goal is to create an even edging—too many stitches will cause ruffling, too few will pucker. Try edging a swatch first to get an idea of how many stitches per row you'll need. The number of stitches needed varies by the yarn, hook size and stitch pattern you're using, as well as the type of stitch you're working into. For instance, if you were edging single crochet with single crochet, you might work one stitch per row. But if you were working an edging into rows of double or treble crochet, you would need more stitches per row.

When inserting the hook along a

Arrows indicate approximately where to place each stitch along the edge in single crochet fabric (fig. a), and double crochet fabric (fig. b).

row edge, it's tempting to use the gap between stitches, but this can make holes in your project. Instead, insert the hook into the center of a stitch where the yarn can easily fill in the gap created by inserting the hook. Work with the right side facing, unless your pattern instructs otherwise.

If your pattern requires a specific number of stitches along the side, you can determine how to space those stitches evenly by counting the number

of rows. Some quick division will tell you how to space the stitches; if the spacing is odd (such as 6 stitches every 5 rows), just be sure to distribute the stitches evenly over 5-row intervals. Be consistent about the spacing of your stitches along the entire edge for a clean, even look.

And remember, if you're not happy with the way your edging looks, use the frog stitch (rip-it, rip-it), and try again!

There are projects aplenty in the latest offering from one of Britain's best-loved knitwear designers, but the real appeal here is in the detailed look at dozens of different techniques and the textures and patterns they create. Equal parts

stitch dictionary and inspirational guide, *Crochet Inspiration* is divided into clear-cut sections that explore the ins and outs of creating fabric (using variations on single crochet, bobbles, mesh, filet and more), motifs (circles, hexagons and triangles), granny squares, and flowers with crochet stitches. Each pattern (and there are dozens in each chapter) has row-by-row instructions and a handy chart that illustrates the construction of the piece. Trust us, this is one your bookshelf can't do without.

We really love: Patterns for eleven wraps, hats, bags and other accessories show you how to put these stitch patterns to good use and offer a jumping-off point for your own designs.

150 Crochet Trims: Designs for Beautiful Decorative Edging, from Lacy Borders to Bobbles, Braids and Fringes

by Sue Smith
St. Martin's Griffin, \$21.95

There's something about a perfectly finessed edging that makes a crafter's heart go a-flutter. So when this gorgeous guide came across our desks we couldn't wait to dive right in. With clear photography of each of the 150 trims touted in the title, author/designer Smith reveals the techniques in great detail, with well-organized sections of step-by-step instructions for creating each edging, leaf, flower and medallion. The trims—soft scallops, bead- and sequin-trimmed fringes, pretty picots and countless appliques—lend themselves to all sorts of projects. We found ourselves dreaming up pretty pillow, sweet sweater and hip handbag accents. Should you need a little inspiration, peruse the five fun projects in the back of the book (count a bobbled bolero, flower-trimmed tee and frilly pillow among them).

We really love: Each lovely trim is rated for difficulty and complete with yarn suggestions, so you don't get tripped up.

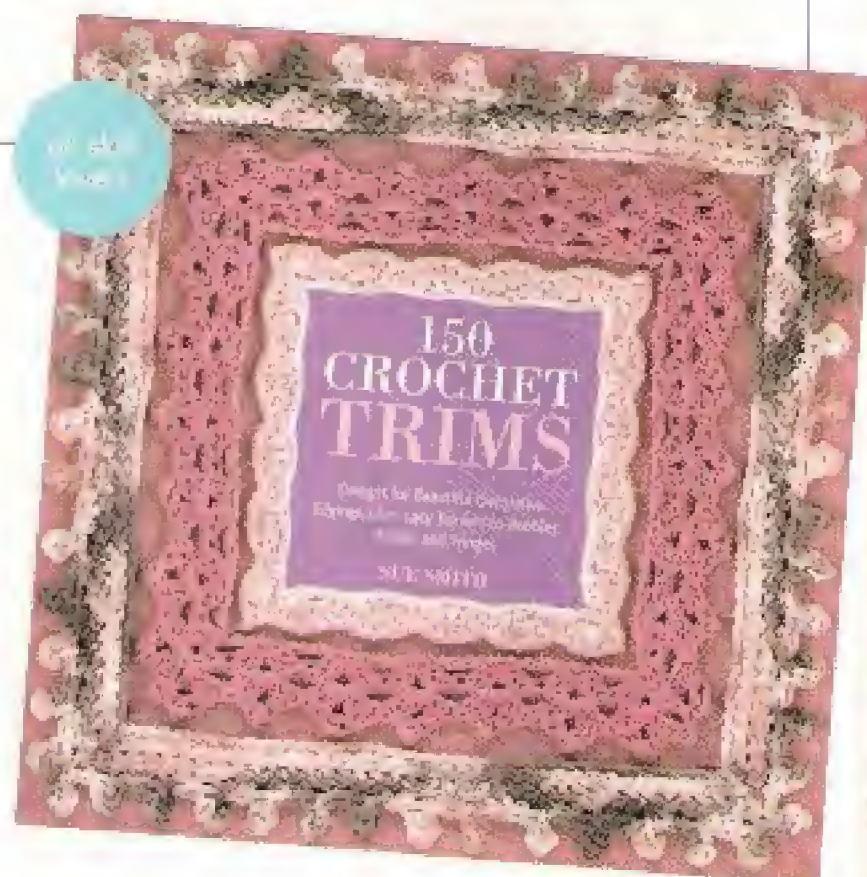

Loop-d-Loop Crochet

by Teva Durham
STC Craft,
\$27.50

NYC designer Teva Durham's novel approach to stitch and garment construction has intrigued knitters for years. Now, with *Loop-d-Loop Crochet*, she brings

her innovative eye and artful ingenuity to crochet. The projects (twenty-five in all) reflect the freedom Durham claims to have found after switching from needles to hook. Star medallions are shaped into a toy; rounds of net, mesh and filet create a captivating capelet; clusters and bobbles are skillfully formed into cardigans and coats. The garments that fill these pages have Durham's signature funky and feminine look and promise the double delight of a project that's both interesting to stitch and wonderful to wear. And if accessories are your bag: socks, slippers, hats and even a crocheted hammock also abound.

We really love: Durham's musings on her inspirations are often peppered with links to blogs and Web sites readers can visit that expound on everything from the etiquette of glove wearing to the origins of lace.

finishing

Weave in all ends. Block skirt to measurements before finishing waistband.

drawstring waistband

note Keep these rounds relaxed, working to gauge, to maintain enough stretch in the waist to pull the skirt on.

With right side facing, join yarn with sl st in any Fsc of waist.

Round 1 (right side) Ch 1, sc in same ch, sc in each Fsc around; join with sl st in first sc - 100 (110, 120, 130, 140, 150, 160) sc.

Round 2 (wrong side) Ch 1, turn, sk sl st, *sc in next sc, ch 1, sk next sc; repeat from * around; join with sl st in first sc - 50 (60, 70, 80) ch-sps.

Round 3 (right side) Ch 1, turn, *sc in next ch-1 sp, sk next sc, 3 sc in next ch-1 sp, sk next sc; repeat from * around to last sc, sc in last sc, ch 1; join with sl st in first sc - 56 (66, 76) ch-sps.

Round 4 (wrong side) Ch 1, turn, sk sl st, sc in next ch-1 sp, *sc in next sc, ch 1, sk next sc; repeat from * around to last sc, sc in last sc, ch 1; join with sl st in first sc - 56 (66, 76) ch-sps.

Round 5 (right side) Ch 1, turn, *sc in next ch-1 sp, sk next sc, 3 sc in next ch-1 sp, sk next sc; repeat from * around to last sc, sc in last sc, ch 1; join with sl st in first sc. Fasten off.

Round 6 (wrong side) Ch 1, turn, sk sl st, sc in next ch-1 sp, *sc in next sc, ch 1, sk next sc; repeat from * around to last sc, sc in last sc, ch 1; join with sl st in first sc. Fasten off.

Thread cord in and out through ch-1 sps of round 2 of waistband. Weave in ends. Tie a knot at tip of each end of cord.

Elastic waist (optional)

Note For a smooth, more secure waist, a sc band with attached elastic can be added.

With right side facing and working in free loops on opposite side of Fsc round, join yarn with sl st in any Fsc of waist.

Round 1 (right side) Ch 1, sc in same st and each Fsc around; join with sl st in first sc.

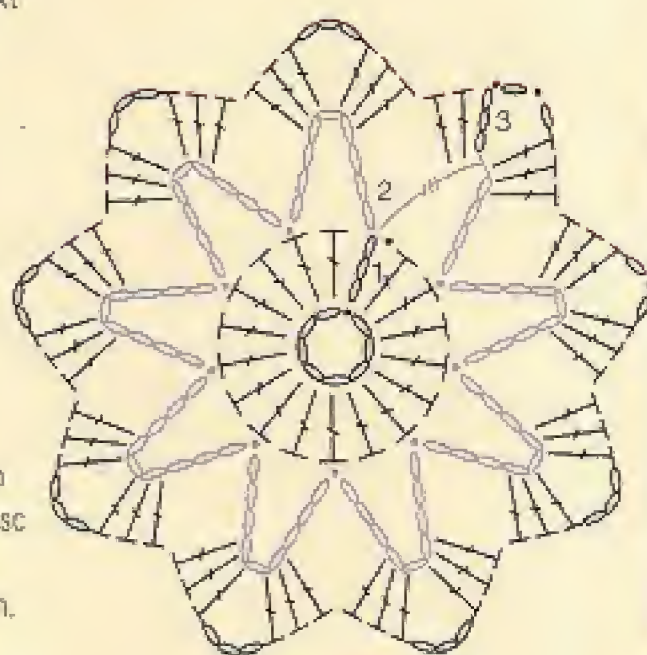

Rounds 2-4 Ch 1, turn, sc in each sc around; join with sl st in first sc.

Round 5 (right side) Ch 1, turn, *sc in next ch-1 sp, sk next sc, 3 sc in next ch-1 sp, sk next sc; repeat from * around to last sc, sc in last sc, ch 1; join with sl st in first sc. Fasten off.

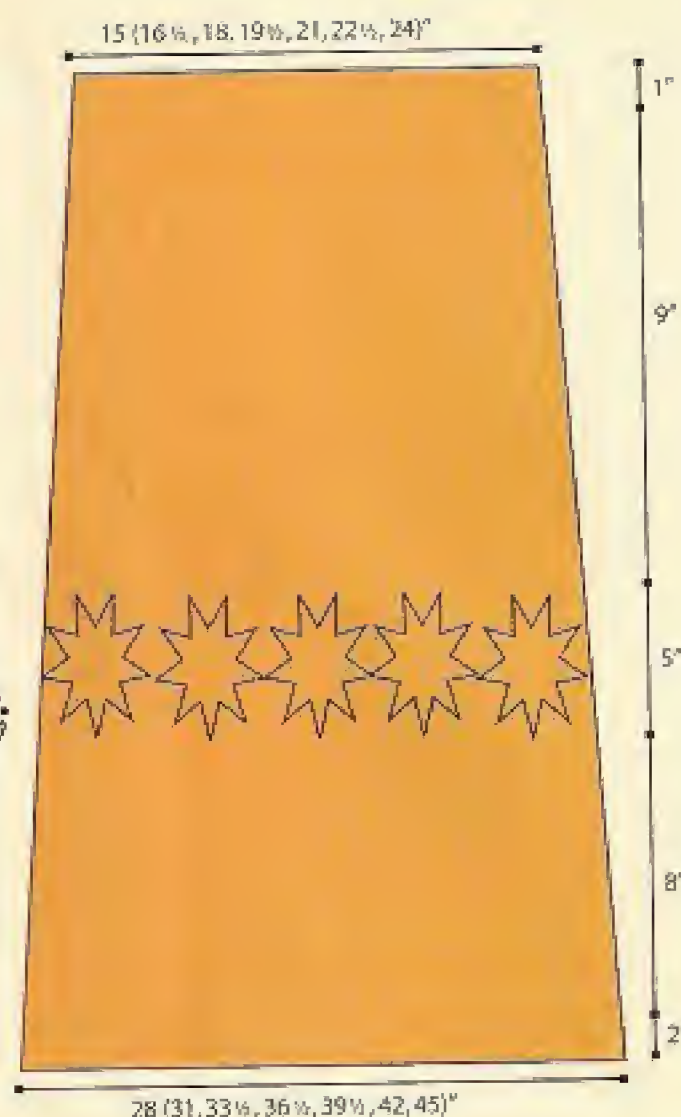

Cut a length of waistband elastic to a comfortable waist measurement plus 2"/5cm. Position elastic inside waistband between Fsc round and last sc round. With needle and sturdy thread, sew a casing in herringbone stitch (backstitch crosses) as follows: Insert needle from front to back, right to left, around post of Fsc, bring thread up to cross over the elastic from left to right, sk next sc of last sc round of waistband; insert needle from front to back, right to left, around the post of next sc of waistband, bring thread down to cross over the elastic from left to right, sk next Fsc; repeat around waistband. Be careful not to pull up stitches too tight or catch the elastic while sewing. Overlap ends of elastic, sew together securely. ■

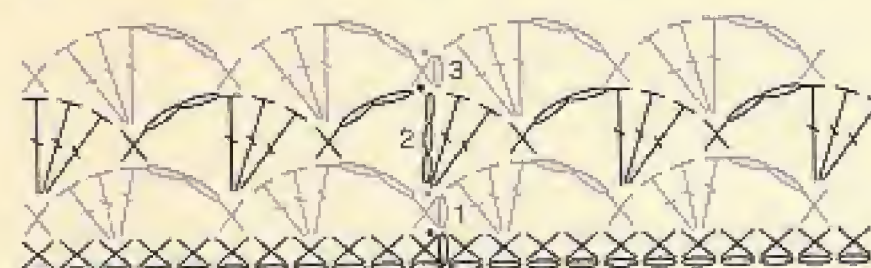

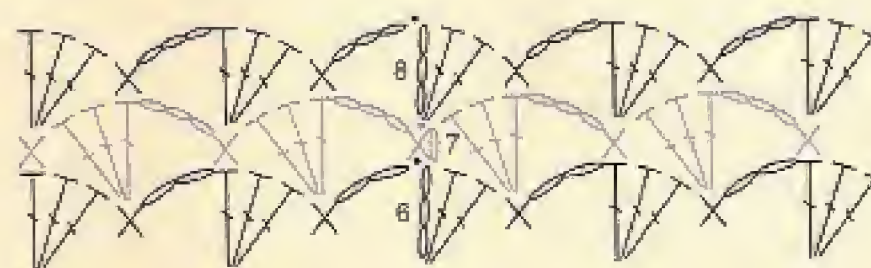

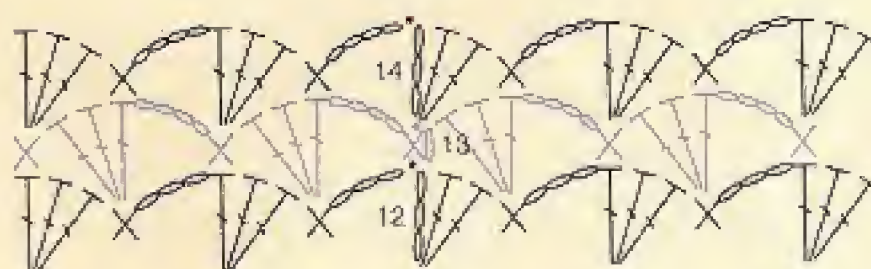

Attach the elastic waistband with herringbone stitch, shown here in contrasting thread (use matching thread when sewing)

SKILL LEVEL: easy

gauge

Gauge is not important.

SOLID BRACELET

note Bracelet is constructed by crocheting a wide tube that slips over outside of bracelet and folds to cover inside. Piece is then joined to fully cover bracelet by crocheting foundation chain and last round together.

Make a foundation chain long enough to wrap taut around outside perimeter of any size bracelet, sl st in first ch to form a ring.

Round 1 (right side) Ch 1, sc in same ch as joining and in each rem ch around; join with sl st in first sc.

Round 2 Ch 1, sc in same sc as joining and in each rem sc around; join with sl st in first sc.

Repeat Round 2 until piece is large enough to wrap around outside and inside of bracelet.

Fit piece around outside of bracelet with right side of piece against bracelet. Fold toward inside of bracelet and align top and bottom edges. Work sl st in free lp of first ch of foundation ch and in first sc on last round at same time, matching up foundation ch and sts on last round, sl st in free lp of each ch of foundation ch and in each sc on last round at same time around; join with sl st in first sl st. Fasten off. Weave in ends.

LACY BRACELET

note Pattern will fit 1½ – 2¼/4–5cm-wide bracelet.

Center Motif

Starting at bottom outside of bracelet, ch 4, join with sl st in first ch to form a ring.

Remember to check gauge for best results!

how to make a gauge swatch

With larger hook, make one medallion following instructions below. Resulting medallion should measure approx 4"/10cm in diameter. Adjust hook size if necessary to obtain correct gauge.

note

Flowers and medallions are made separately, then a mesh of chain-spaces and single crochets is worked to join the pieces together.

BOTTOM BAND

With larger hook, ch 7.

Row 1: Dc in 4th ch from hook (counts as 2 dc), dc in next 3 ch - 5 dc.

Row 2: Ch 3 (counts as first dc here and throughout), dc in next 4 dc.

Repeat Row 2 until band measures 26"/66cm. Fasten off.

assembly

Arrange flowers and medallions according to assembly diagram. Leave enough space between flowers and medallions to ensure correct size and shape of each piece. Keep the flowers and medallions in place while joining with a mesh of chain spaces and single crochet. The number of chains needed for each chain space should be selected to ensure that the pieces stay in place and lie flat. In most cases, ch 3 or ch 4 is sufficient, but occasionally chains as long as ch-7 may be needed. In the following instructions for joining, the phrase "work chs" means to work number of chs needed to span the distance to next joining point.

tip

To create larger sizes, use a larger crochet hook, or work an additional round or two of ch-spaces around each flower and medallion before assembling.

medallion; repeat from * around flower joining six medallions to edges of flower. Join edges of medallions in a similar manner. Join two medallions in a similar manner to top edges of back for shoulders.

front (make 2) Join two medallions to lower edge of one flower in a similar manner as for back. Join third medallion to top of flower, slightly to one side, joining third medallion to corresponding shoulder medallion of back. Repeat for other front, placing third medallion slightly to opposite side for shoulder.

Join medallions and flowers at sides of back and fronts.

sleeve (make 2) Join three medallions in a strip. Join last medallion to first medallion to form a ring. Repeat for other sleeve.

finishing

Work (ch 3, sc in next ch-sp) evenly spaced around each sleeve and each armhole. Work (ch 3, sc in next ch-sp) around body piece and AT THE SAME TIME, when working along lower edge of body piece, join bottom band to body piece in similar manner with chain mesh. Gently stretch

bottom band to fit along lower edge. Bottom band, when attached, cinches lower edge slightly.

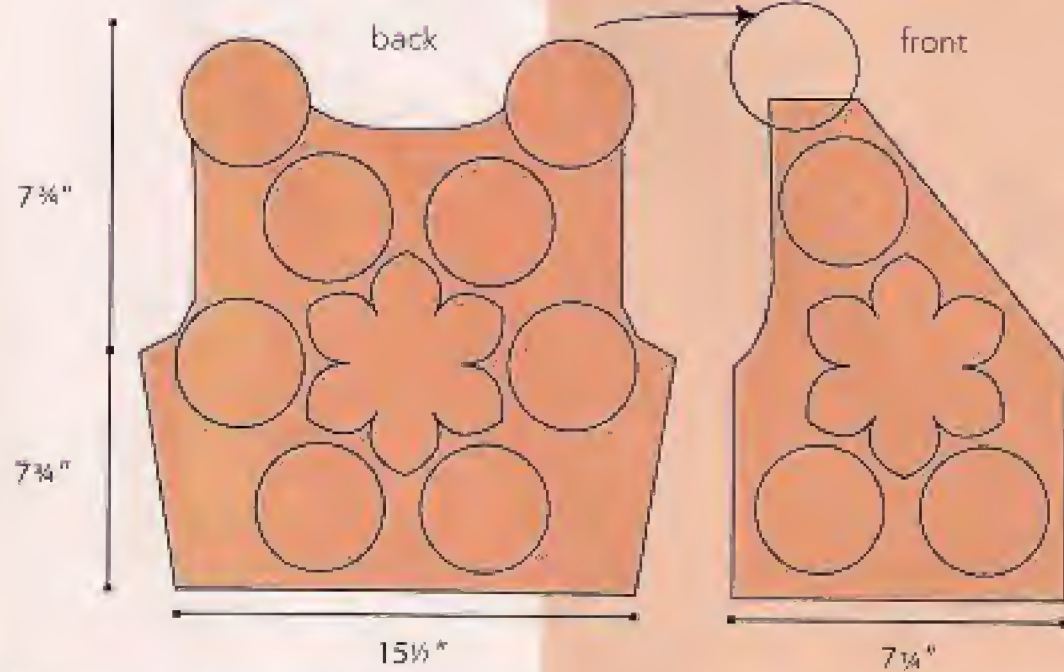

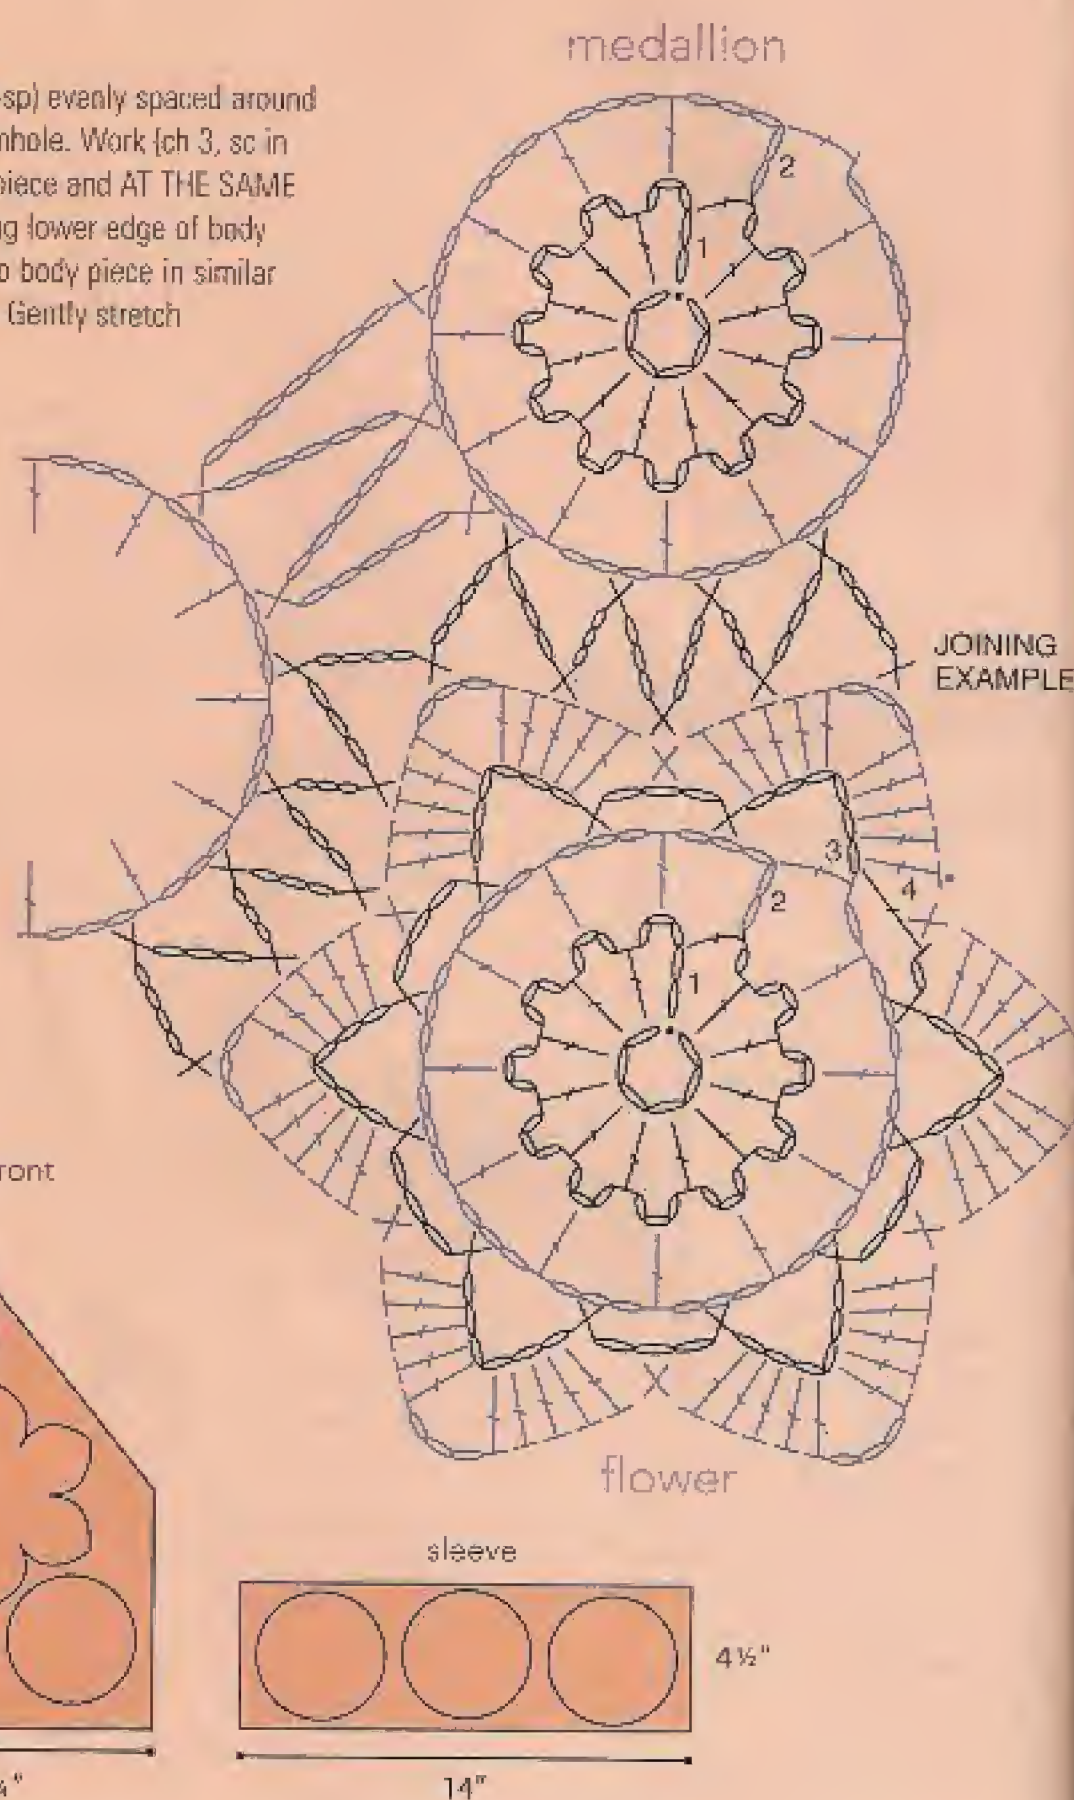

With yarn needle, sew sleeves into armholes, stretching slightly to fit.

front band

With right side facing and smaller hook, join yarn in lower-right-front corner. Work sc evenly spaced along right-front edge, around neck, and down left-front edge.

Next 2 Rows Ch 1, turn, sc in each sc across. Fasten off.

Weave in all ends. Sew buttons along left front band (optional). ■

ADDING THE EMBROIDERY

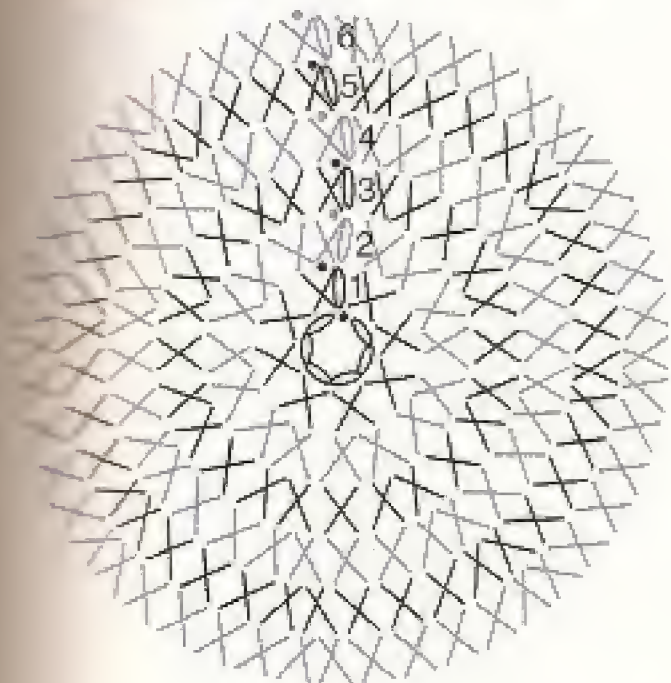

Tunisian crochet creates gridlike stitches, which are the perfect canvas for cross-stitch. Here's how to get started.

a Draw the needle up in the lower-left corner of each square of the fabric, and down in the upper-right corner. Work across all stitches of the same color in each row, working from left to right.

b Work back across the previous stitches from right to left. Draw the needle up in the lower-right corner of each square, and down in the upper left.

tip

These pillows can also be started with a standard foundation chain and a row of double crochet. To do so, chain 44, then double crochet in 4th chain from hook and in each chain across. Then work Rows 2-36 of the instructions.

WORKING THE BASKETWEAVE PATTERN

a To work a back post double crochet: working in back of fabric, yarn over and insert the hook from right to left around the post of the stitch below. Yarn over and complete the double crochet as you normally would.

b. To work a front post double crochet: working in front of fabric, yarn over and insert the hook from right to left around the post of the stitch below. Yarn over and complete the double crochet as you normally would.

c The basketweave effect is achieved by alternating front post and back post stitches at regular intervals. Here, a front post stitch is being worked after four rows of back post stitches, which will create the pattern change.

blocking

Cover each piece with a towel and carefully block with a steam iron. Be careful not to use too much heat, which might break the beads. ■

WORKING TAPESTRY CROCHET

Since tapestry crochet is done with more than one thread at a time, each thread may be strung with a single bead color. Only the color that is needed at the time is crocheted to form the motif, while the other thread is carried. This method produces a substantial, thick fabric and fantastic design potential since the colors can be changed at any point. Here's how to get started.

a To work a bead into a stitch, move the bead up the thread until it is touching the work in progress, then work the stitch. Notice that the unused color of yarn is being carried under the stitches in progress, so that it won't be seen.

b Complete the single crochet stitch as you normally would. The bead will be captured in the stitch on the side of the work facing away from you.

c To switch colors, work the last stitch in the current color until two loops remain on hook. Yarn over with the new color and complete the stitch.

d Here, one stitch has been completed with the new color.

finishing

Before beginning, read all manufacturer's directions for resin use.

Mix 4 oz of resin with catalyst. Pour resin into 4 cake pans to 1/4" depth. Let resin set until semisolid, approx 45 minutes.

Mix another 14 oz of resin with catalyst. Dip doilies into resin. Place gently into pan face down and pour remaining resin into cake pans until doilies are covered by about 3/4".

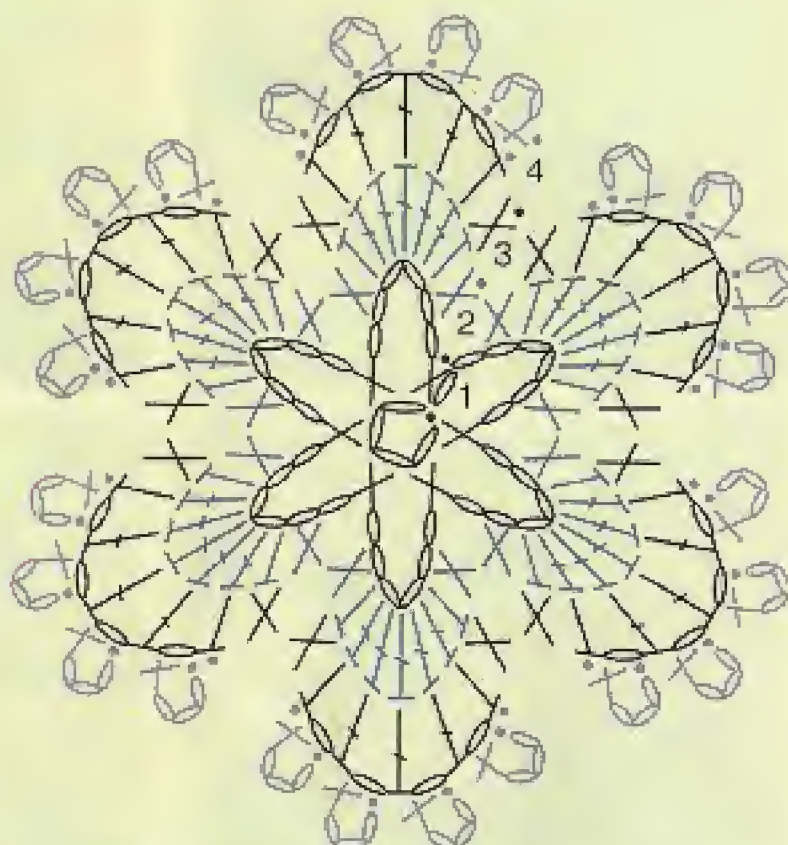

Let sit until coasters are solid and pull away from sides of pan, several hours or overnight. Remove from pan and enjoy. ■

POM-POM TAIL

If using a pom-pom maker, follow the package directions to make one pom-pom with A.

To make a pom-pom using cardboard, cut two 3" cardboard circles. Cut a 1" hole in the center of each. Stack them on top of each other, and wrap A repeatedly through center and around outside of circles. More wraps will make a fluffier pom-pom. Cut through yarn around outside edges and ease cardboard circles slightly apart. Tie an 8" piece of A tightly between cardboard circles, then remove circles. Use the ends of the knotted strand to sew pom-pom to the back of bunny on Round 30 of body.

finishing

Weave in all ends. Using D, embroider pink satin stitch nose and straight stitch mouth on face. Sew buttons in place for eyes. ■
